

Certificate of Completion

This certifies that

Arnab Chakraborty

has completed the Workshop on "Data Training Process in Machine Learning" conducted by AP Research Lab on 18th May 2024.

This intensive workshop covered key concepts and practical applications of data training in machine learning, equipping participants with the skills necessary to handle data preprocessing, model training, and evaluation.

We commend him/her for his/her dedication and achievement in mastering these advanced techniques.

Abhijit Pathak
